

UK'S LARGEST DEVELOPER TALENT POOL LIVES HERE

**LONDON
BASED**

**UNIQUE INDUSTRY
INSIGHT**

**INTERNATIONAL
OFFICES**

Development has one of the largest supply and demand gaps for technical talent in IT. There are 5 jobs for every Software Developer. This can pose unnecessary stress on Hiring Managers as they may not have access to a **large talent pool** or understand the nuances of negotiating an appropriate market salary for their vacancy. All of these factors can result in lost time and resources for your business that can otherwise be spent in different areas.
